

14<sup>th</sup> Biennial Symposium Northern Wild Sheep and Goat Council

Table of Contents

Page 1	Program chair's opening remarks NWSGC symposium 2004...W. Heimer
Page 5	A working hypothesis for management of mountain goats...D. Toweill, S. Gordon, E. Jenkins, T. Kreeger, D. McWhirter
Page 47	Non-alpine habitat use and movements by mountain goats in north-central British Columbia...L. Turney and A. Roberts
Page 49	Effect of helicopter logging on mountain goat behaviour in coastal British Columbia...S. Gordon and S. Wilson
Page 64	Daily and seasonal movement patterns of mountain goats to a mineral lick in north-central British Columbia...L. Turney and R. Blume
Page 65	Modeling core winter habitat and spatial movements of collared mountain goats...J. Keim
Page 87	Present and future mountain goat research in Washington state, USA...C. Rice
Page 101	Mountain goat status and management in Wyoming...D. McWhirter
Page 115	Mountain goat status and management in Idaho...D. Toweill
Page 131	NWSGC Position Statement on helicopter-supported recreation and mountain goats...K. Hurley
Page 137	Measuring movement responses of wintering mountain goats from aerial telemetry occurrences...J. Keim and C. Jerde
Page 139	Mountain goat habitat supply modeling as a paradigm for effective forest stewardship planning...P. Hengeveld and S. McNay
Page 140	Ospika mountain goat adaptive management trial...M. Wood, F. Corbould, and G. Blackburn
Page 141	Parasite fauna of mountain goats ( <i>Oreamnos americanus</i> ) in the Northwest Territories, British Columbia, and Idaho...E. Jenkins, E. Hoberg, A. Veitch, H. Schwantje, M. Wood, D. Toweill, S. Kutz, and L. Polley
Page 159	Does biological knowledge make any difference in wild sheep management? ... W.E. Heimer and K.M. Gordon
Page 167	Habitat selection, movement and range fidelity of Stone's sheep...A. Walker and K. Parker
Page 168	The northern Richardson Mountains Dall's sheep ecology study...D. Auriat
Page 169	Top-down and bottom-up regulation of bighorn sheep populations in New Mexico, USA...E. M. Rominger
Page 171	Protecting bighorn sheep habitat – A worthy cause?...G. Erickson
Page 179	Brucellosis in captive Rocky Mountain bighorn sheep ( <i>Ovis canadensis</i> ) caused by natural exposure to <i>Brucella abortus</i> biovar 4...T. Kreeger, W.E. Cook, W.H. Edwards, and T. Cornish
Page 180	Evolutionary genetics of <i>Pasteurella</i> isolated from wild and domestic sheep and domestic goats...S.T. Kelley, E.F. Cassirer, G.C. Weiser, and A.C.S. Ward
Page 181	Bighorn sheep, horizontal visibility, and GIS...N.J. DeCesare and D.H. Pletscher
Page 191	A sightability model for helicopter surveys of bighorn sheep in Hells Canyon...E.F. Cassirer and P. Zager
Page 192	Evaluation of winter tick infestation and associated hair loss on low-elevation wintering Stone's sheep in northern British Columbia...M.D. Wood and H.M. Schwantje

Page 193	Inferred negative effect of “Trophy Hunting” in Alberta: the great Ram Mountain/ <i>NATURE</i> controversy...W. E. Heimer
Page 211	Wild Sheep Capture Guidelines...C. Foster
