

Proceedings of the 21st Biennial Northern Wild Sheep & Goat Council Symposium

May 21-24, 2018
Whitefish, Montana

Northern Wild Sheep and Goat Council

Northern Wild Sheep and Goat Council

PROCEEDINGS OF THE 21st BIENNIAL SYMPOSIUM

**MAY 21-24, 2018
WHITEFISH, MONTANA, USA**

Host: Montana Fish, Wildlife and Parks
Symposium Co-Chairs: Brent Lonner and Bruce Sterling
Financial and Accommodations Coordination: Caryn Dearing
Sponsor Solicitation: Brent Lonner, Bruce Sterling, Caryn Dearing, and Kevin Hurley (WSF)
Field Trip Coordination: Tim Thier, Bruce Sterling, and Mark Biel (NPS)
Chair of Business Meeting: Kevin Hurley (WSF)
Guest Speaker Coordination: Jim Williams
Guest Speaker: Doug Chadwick (great job Doug!)
Abstract and Schedule Coordination: Kelly Proffitt, Sonja Andersen, Karen Loveless, and Brent Lonner
Session Moderator Coordination: Kelly Proffitt
Conference Program Development: Martha Lonner
Conference Logo Design: Luke Duran
Proceedings Editor: Justin Gude

GUIDELINES OF THE NORTHERN WILD SHEEP AND GOAT COUNCIL

The purpose of the Northern Wild Sheep and Goat Council is to foster wise management and conservation of northern wild sheep and goat populations and their habitats.

This purpose will be achieved by:

- 1) Providing for timely exchange of research and management information;
- 2) Promoting high standards in research and management; and
- 3) Providing professional advice on issues involving wild sheep and goat conservation and management

I. The membership shall include professional research and management biologists and others active in the conservation of wild sheep and goats. Membership in the Council will be achieved either by registering at, or purchasing proceedings of, the biennial conference. Only members may vote at the biennial meeting.

II. The affairs of the Council will be conducted by an Executive Committee consisting of: three elected members from Canada; three elected members from the United States; one ad hoc member from the state, province, or territory hosting the biennial meeting; and the past chairperson of the Executive Committee. The Executive Committee elects its chairperson.

III. Members of the Council will be nominated and elected to the executive committee at the biennial meeting. Executive Committee members, excluding the ad hoc member, will serve for four years, with alternating election of two persons and one person of each country, respectively. The ad hoc member will only serve for two years.

The biennial meeting of members of the Council shall include a symposium and business meeting. The location of the biennial meeting shall rotate among the members' provinces, territories and states. Members in the host state, province or territory will plan, publicize and conduct the symposium and meeting; will handle its financial matters; and will prepare and distribute the proceedings of the symposium.

The symposium may include presentations, panel discussions, poster sessions, and field trips related to research and management of wild sheep, mountain goats, and related species. Should any member's proposal for presenting a paper at the symposium be rejected by members of the host province, territory or state, the rejected member may appeal to the Council's executive committee. Subsequently, the committee will make its recommendations to the members of the host state, territory or province for a final decision.

The symposium proceedings shall be numbered with 1978 being No. 1, 1980 being No. 2, etc. The members in the province, territory or state hosting the biennial meeting shall select the editor(s) of the proceedings. Responsibility for quality of the proceedings shall rest with the editor(s). The editors shall strive for uniformity of manuscript style and printing, both within and among proceedings.

The proceedings shall include edited papers from presentations, panel discussions or posters given at the symposium. Full papers will be emphasized in the proceedings. The editor will set a deadline for submission of manuscripts.

Members of the host province, territory, or state shall distribute copies of the proceedings to members and other purchasers. In addition, funds will be solicited for distributing a copy to each major wildlife library within the Council's states, provinces, and territories.

IV. Resolutions on issues involving conservation and management of wild sheep and goats will be received by the chairperson of the Executive Committee before the biennial meeting. The Executive Committee will review all resolutions, and present them with recommendations at the business meeting. Resolutions will be adopted by a plurality vote. The Executive Committee may also adopt resolutions on behalf of the Council between biennial meetings.

V. Changes in these guidelines may be accomplished by plurality vote at the biennial meeting.

FOREWORD

The papers or abstracts included in these proceedings were presented during the 21st Biennial Symposium of the Northern Wild Sheep and Goat Council, held May 21-24, 2018 in Whitefish, Montana, USA.

Heart-felt thanks are extended to the sponsors of, and all those participating in, this highly successful 21st biennial symposium. Special thanks to Brent Lonner and Bruce Sterling (Symposium Co-Chairs) for leading the dedicated Montana organizing committee, and delivering another in a long series of first-class symposia. Caryn Dearing deserves special recognition for handling logistics, registration, and symposium minutiae. Thanks to all of the session and poster presenters for assembling and sharing relevant new science on wild sheep and goat ecology and management.

These Proceedings were edited by Justin Gude and volunteer NWSGC members prior to publication. Peer-reviewers for full papers and expanded abstracts submitted for publication in these Proceedings included Nick DeCesare, Jesse DeVoe, Tabitha Graves, Brent Lonner, Hollie Miyasaki, Bruce Sterling, Kevin White, and Don Whittaker. Suggested editorial comments were provided to each senior author; senior authors had opportunities to accept or reject suggested edits and provided an explanation of how they considered each reviewer comment prior to submission of their final manuscripts. Formatted page proofs were forwarded to respective senior authors of full papers prior to inclusion into the final proceedings. Final content, particularly verification of literature citations, is the responsibility of the authors.

While NWSGC strives for professional, scientific presentations at our symposia, followed up with quality manuscripts for our proceedings, NWSGC Guidelines do not rigidly specify format, minimum data requirements, or thresholds of statistical analysis for subsequently-included manuscripts. Thus, NWSGC Proceedings may contain manuscripts that are more opinion-based than data- or fact-based; critical evaluation of information presented in these proceedings is the responsibility of subsequent readers.

Kevin Hurley
